Corporate Overview	
MODERN CONVERTERS LTD, incorporated on 26/02/1946, having its registered office at 56E HEMANTA BASU SARANI, OLD 4 BBD BAGH EAST, ROOM NO 14A, KOLKATA - 700001. The Directors of the company are RAJEEV CHIRIMAR, AEM SHAMAR PRAKASH, GANGA DHAR SAIL, SOUMITRA TRIVEDI and RENU SHARMA.	
Significant accounting policies	
Basis of Preparation of financial statements.	
The Company maintains its accounts on accrual basis following the historical cost convention in accordance with generally accepted accounting principles ["GAAP"] in India. GAAP comprises mandatory accounting standards as prescribed under section 133 of Companies Act, 2013 (the Act) read with Rule 7 of Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified). Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.	
Use of estimates	
The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.	
Revenue Recognitions	
Revenue in respect of income is recognised when a reasonable certainty as to its realization exists.	
Employee Benefits:	
All Employees benefits falling due wholly within twelve month of rendering the services are classified as short term employee benefits which include benefits like salary, wages, short term compensated, absences and performance incentives and are recognised as expense in the period in which the employee renders the related services.	
Material events after balance sheet date.	
Events which are of material nature after the balance sheet date are accounted for in the accounts.	
Taxes on income	
Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.	
Deferred Tax resulting from "timing differences" between accounting and taxable profit for the period is accounted by using tax rates and laws that have been enacted or subsequently enacted as at the balance sheet date. Deferred Tax Assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future. The deferred tax assets and deferred tax liabilities relate to the taxes on income levied by the same governing taxation laws.	
Earnings per share	
Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations.
